Lucie Lyons Long

“Lucie always easily drew people to her circle – she was creative, outgoing, empathetic and real. My overwhelming memory of Lucie is that she always found the best in her friends, and encouraged us no matter what we were involved in. Lucie was loyalty personified to her friends, and held them up in all ways through her support and encouragement. Yet she never drew a dividing line between the closest friends and others in the circle — everyone she encountered was treated with the same courtesy, kindness and warmth.

She was ultimately left with nothing – though I am sure that living in your Hawaii paradise must have helped sustain her. It grieves us that Lucie, who would have helped anyone who needed it with anything in her power, would have passed away without someone to hold her hand or comfort her in illness.

Lucie was the kind of person that our world needs so many more of — caring, giving, encouraging and, above all, forever kind.

We look forward to seeing Lucie's tree and the plaque you will install for her. Giving to your animals in her name is an honor for us, and we hope that you have gained some idea of her spirit. I personally have no doubt that she will visit her tree and be happy that it is part of an environment which supports animals who have no family and are hoping to go home one day.”

Generous donations from Lucie's friends will provide for a tree planting and memorial plaque to be installed at the new HIHS Animal Community Center.
